between 18 and 21 April, daily shipments of 15 to 20 cars with stone blocks went from Weisswasser to a special construction staff at Wuensdorf. It was rumored that a large building project would be carried out at Wuensdorf.3

25X1 1. [redacted] Comment. Probably KVP artillery pieces for the KVP ordnance depot at Henningsdorf.

25X1 2. [redacted] Comment. Except for Jessen where a large Soviet ordnance depot is situated, AA units are stationed in the other receiving stations.

25X1 3. [redacted] Comment. The stone blocks from Weisswasser will probably be used for the construction of barracks on the area of the former Daimler Werke at Wuensdorf-Zossen. Construction work started on 1 April 1953.
